

C.A. 6255 Kit Price

£4673.00
excluding VAT

Why limit yourself?

Included in the kit

- Optimised current generator on inductive objects
- Measurement up to 2,500 Ω , resolution 0.1 $\mu\Omega$
- Automatic compensation of stray voltages
- Calculation of R at a reference temperature - Pt100 Ω probe
- Automatic discharge after test
- Programmable alarms
- Storage of up to 1,500 measurements
